Children develop as confident individuals, successful learners and responsible citizens in a safe, high quality learning environment which is up-to-date and equipped with the necessary technologies to prepare them for life in the twenty-first century. They have a strong voice along with their parents and wider stakeholders. Comprehensive, extended provision supports children in developing specific gifts and talents and places the school at the heart of the community which it serves.

Bexhill Academy operates an open-door policy with parents, carers and the local community. All are welcomed into the Academy so that all can participate and share skills and experiences with the children.
